

Straps, Fastenings and Handles

Straps

We use a variety of ways of fastening our lidded baskets, there are various options for the materials including leather and leatherette. We are also able to provide bespoke colouring and embossed leather labelling or straps.

Fastenings

On our unique range of fitted hampers we are able to offer the same range of leather, leatherette in various colours and embossing to give your company or customers their own individual identity.

Handles

There are many options for handles on baskets including integral, external, rope etc. Dependant on the use of the basket e.g Log baskets require very strong handles due to the weight it is carrying, however other baskets have differing requirements and there are many options available.

Tradition and Innovation
