# Home Products Basketware Ltd.

2019

We have pleasure in producing our update sheets to keep you in the picture until the next version of our brochure in 2020. Please use this in conjunction with our existing brochure 2018/2019. Here are some of the many reasons why you should seriously consider letting Home Products

Basketware handle your basket enquiries:-

- 1: We have 50 years in the basket trade
- 2: We have earned an enviable reputation throughout
- 3: We have made significant progress in recent years with our factory in China expanding considerably. We believe we are the only UK Basket Company to have their own Chinese Factory. Every year we have an increasing amount of customers taking direct containers from our factory in China, they have enjoyed our excellent service without suffering the price increases and quality fluctuations, suffered by many importers. We also are able to offer competitive quotes on all orders regardless of size.

Regards
